Asia’s Largest Tech for Impact Forum

Our Partners

#TechforImpact www.techforimpact.net
Technology has the power to create innovative, affordable and scalable solutions for global development problems like education, health, sustainability, disability, poverty and climate change. This is an era where pace of technology advancement and adoption of solutions happens at much faster rate than ever.

**Tech for Impact Asia Summit 2019 presented by CSRBOX and AGNii (Invest India)** is a summit taking place on 23rd-24th September, which will focus on technological interventions which are helping development sector to create larger and sustainable impacts. Technology is the need of the hour and corporate, government, impact investors, philanthropic foundations are exploring Tech based implementation partners to work on solving complex societal problems. Tech for Impact Asia Summit brings such players together and helps in creating collaboration and partnership opportunities.

The summit brings together tech companies, innovators, CSR Heads, social businesses, impact investors, incubators, start-ups, philanthropic organizations and non-profits from all over Asia at one platform to explore synergies and collaborations, co-create solutions and share learning and experiences for better tomorrow.

Over 110 exhibitors will display their projects, programs, products, innovation, services for social impact. Tech for Impact exhibitors includes:

- Tech innovators and entrepreneurs
- Not for profits
- Startups, tech-based companies
- Incubators and impact investors
- Edtech/Healthtech/Greentech/Agritech companies ++
- Impact measurement, data analytics and donor engagement
- Employee volunteering and giving back

Our Exhibitors
**AGNII-Invest India**
Government of India has launched Accelerating Growth of New India’s Innovations (AGNII) – a flagship program under the Principal Scientific Adviser to the Government of India and Co-Chaired by the Cabinet Secretariat to the Government of India. It is an initiative that aims to support the ongoing efforts for boosting the innovation ecosystem in the country. AGNII does this by connecting innovators across industry, individuals and the grassroots to the market and help in commercializing their innovative solutions. Invest India, India’s National Investment Promotion and Facilitation Agency under the Ministry of Commerce and Industry, has been tasked with spearheading this innovation initiative.
For more information, please visit [www.agnii.gov.in](http://www.agnii.gov.in)

**Villgro**
Villgro is India’s oldest and one of the world’s largest social enterprise incubators. Established in 2001, Villgro incubates early-stage, innovative, for-profit social enterprises in Education, Health, Agriculture and Energy sectors, among others that have an impact on the lives of the poor. Apart from India, Villgro also supports social enterprises in Kenya, Philippines and Vietnam. For more information, please visit [www.villgro.org](http://www.villgro.org)

**NAARM-a-IDEA**
Association for Innovation Development of Entrepreneurship in Agriculture (a-IDEA) is an agriculture focused technology business incubator. a-IDEA being one of the very few agri-focused incubators in the country has a unique approach of supporting the broad spectrum of technologies in the value chain of agriculture starting from farm to fork. Through this approach a-IDEA intends to nurture, support and scale technologies that can bring efficacy in the value chains, improve productivity and benefit the stakeholders involved in such Agri-value chains. The technologies developed by technology developers, scientists, students, entrepreneurs, startups, institutions qualify under the focus areas of technologies supported by a-IDEA. For more information, please visit [www.aidea.naarm.org.in](http://www.aidea.naarm.org.in)

**SIDBI Innovation and Incubation Centre- IIT Kanpur**
Promoted by IIT Kanpur to drive technology based innovations and entrepreneurship in India, SIDBI Innovation and Incubation Centre has been active for more than a decade and has been witness to many success stories.
In the past 16 years, since its inception, SIIC has come a long way in developing a robust ecosystem for start-ups. They have supported the incubates with SIIC’s integrated incubation package consisting of various services such as funding assistance, mentor and investor networking, business advisory, IP management and state-of-the-art labs. Being a sector agnostic incubator, they have incubated start-ups from healthcare, livelihood, bio-tech, technology, drug, agriculture, education and many others. Their incubates have not only validated their solutions in the current dynamic market, but also established themselves as emerging enterprises in their respective sectors.
For more information, please visit [www.siicincubator.com](http://www.siicincubator.com)
Indian Institute Of Technology, Madras
Indian Institute of Technology Madras is one among the foremost institutes of national importance in higher technological education, basic and applied research. The Institute was formally inaugurated in 1959 by Prof. Humayun Kabir, Union Minister for Scientific Research and Cultural Affairs. IIT Madras is a residential institute with nearly 550 faculty, 8000 students and 1250 administrative & supporting staff and is a self-contained campus located in a beautiful wooded land of about 250 hectares. It has established itself as a premier centre for teaching, research and industrial consultancy in the country. The Institute has sixteen academic departments and a few advanced research centres in various disciplines of engineering and pure sciences, with nearly 100 laboratories organized in a unique pattern of functioning. For more information, please visit www.iitm.ac.in

Medtronic Labs
Medtronic Labs is a new entity within Medtronic (world’s largest medical technology, services, and solutions company) that incubates bold ideas for global health access. It maximizes social impact alongside financial sustainability. Medtronic Labs designs healthcare delivery service models with and for underserved communities that integrate digital and product technologies across the patient care continuum. Medtronic Labs currently has a program portfolio ranging from Comprehensive Ear Care to Non-Communicable diseases. For more information, please visit www.medtronic.com

iCreate
iCreate is an independent centre and facilitates "Next Generation Entrepreneurship" that blends creativity, innovation, engineering, product design and leverages emerging technologies to evolve out-of-the-box applications. The primary goal of the Centre is to create a large quantity of quality entrepreneurs. Towards this objective, it aims to seed a new ethos wherein people will understand and encourage entrepreneurship as a preferred career option. The Centre also engages with the government to help evolve enabling policies. For more information, please visit www.icreate.org.in

Society for Innovation and Entrepreneurship (SINE) - IIT Bombay
Society for Innovation and Entrepreneurship (SINE), hosted at IIT Bombay, is an umbrella for fostering entrepreneurship and nurturing tech start-ups. Set up in 2004, it is one of the earliest incubators in academia with a potential to create economic growth, strategic value and social relevance. Over a period of time SINE has supported 141+ startups, 380+ innovators and 3600+ employment has been generated by SINE companies. SINE is actively participating in many new programs in collaboration with Government, Institutions, Industry and Academia. It has also expanded its activities by reaching out for cross-border on collaborations. As an early adopter of the incubation activities, SINE’s practices have been referred to or emulated in academic and R&D institutions across the country. For more information, please visit www.sineiitb.org
**CSRBOX**

CSRBOX is India's leading CSR knowledge, impact-intelligence and partnerships platform aimed at the CSR and development community, connecting over three million development, strategic communication, CSR, humanitarian and sustainability professionals through CSR data, analytical tools, CSR research reports, Impact-stories, collaborations and blended advisory services. It has CSR portfolios of more than 1000+ companies & their CSR foundations, more than 9000+ CSR projects showcasing actual CSR budget of INR 10,000+ Cr. Additionally, it lists CSR service providers and news & reports related to businesses and CSR foundations. For more information, please visit [www.csrbox.org](http://www.csrbox.org)

**NGOBOX**

NGOBOX (a venture of Renalysis Consultants Pvt. Ltd.) is a development communication platform, helping companies, CSR foundations, NGOs and social enterprise to network, communicate and find resources online and offline. It is a leading CSR research platform in the country with over 50 data-reports on CSR in India. With the verified database of over 75000+ non-profits, CSR Teams and social enterprises, they present immense opportunities for organizations to promote their products/services with one-click promotion and outreach. Glimpses of India CSR Summit 2018
India CSR Summit & Exhibition 2019 (Co-Event)

India CSR Summit & Exhibition is South Asia’s largest CSR, SDGs and social impact forum. The Summit brings together business leaders, board directors, CSR foundations, impact investors, philanthropists, innovators, government agencies, the UN bodies and non-profits leaders to explore synergies and co-create solutions. The Summit that emerged from the mandatory CSR provisions of India has now become the confluence of social impact leaders from South Asia.

The event has already witnessed participation of over 380 exhibitors, 4700 organizations and 8900+ professionals in its 5 years of existence. The 6th India CSR Summit is scheduled on 23rd and 24th September, 2019 at Hotel Pullman & Novotel, New Delhi. The 2019 event is of greater importance for us as India enters in the sixth year of CSR compliance with Indian businesses having spent close to INR 55,000 Cr. on development projects in past five years to help India move towards achieving the UN Sustainable Development Goals (SDGs). For more information, visit: www.indiacsrsummit.in
